

EA52 Sound Bar

Key Features

36 Watt Amplifier with Microphone input two auxillary inputs a three port USB ihub
remote control with Treble, Bass and Volume and Sub-woofer output

Matched inputs are included for PC and DVD or VCR. Supplied with all cables including
USB and speaker connections.

Benefits

The sound output of this system is enhanced by the use of modern wooden speaker
enclosures and Sub-Woofer capability (option). Ideal for meeting rooms for education,
corporate or full home entertainment

The USB inputs enable other devices such as Laptop or MP3 players etc to be
connected to a PC or notebook without accessing the rear of the computer after
installation

The system is easy to install with key hole fixings for first fix and an individual screwed
wall fixing to secure the system from accidental abuse

The system is supplied with cables and fixing screws

The system is fully approved product to CE and RoHS standards and so complies with
local government and education purchasing

Optional Extra : 100 Watt Sub-Woofer
