

# 10.1-inch Android tablet

SKU:

EAN:

## FEATURES

### ● Front and rear dual cameras

The 8-megapixel rear camera is convenient for taking photos with friends; the 5-megapixel front camera allows for video calls with family, allowing you to share and record your moments anytime, anywhere

### ● Say goodbye to battery anxiety

The 6000mAh large-capacity battery provides exceptionally long standby time.

### ● 10.1-inch HD screen

Like a drop of water on the screen, every touch of the screen is a new experience. The 10.1-inch HD screen with a screen-to-body ratio of up to 91% provides a wider field of view. 4G LTE calling is available anytime, anywhere. GPS positioning provides a better route to your destination.

### ● This flagship chip has enormous potential

It delivers ultra-high energy efficiency, easily handling large applications. Multitasking is simple, making it easy to meet your learning and entertainment needs.

## SPECIFICATION
