

EA052 Omnidirectional Desktop Microphone

SKU: 0111052

EAN:

FEATUES

- High definition pickup configuration
This condenser microphone supports omnidirectional sound collection, with a signal-to-noise ratio of over 60dB, frequency response of 20Hz-20kHz, 48KHz/16 bit sampling, 3-meter long-distance pickup, and comes with noise resistance performance for clear and delicate vocal recording.
- Humanized hardware design
Equipped with Type-A and Type-C dual USB wired interfaces and a 2-meter extension cable; The ABS and metal mesh body is lightweight and portable, and has passed multiple compliance certifications, suitable for various scenarios such as online courses, recording, and office meetings.

SPECIFICATION

Polar pattern	Omnidirectional
Frequency response	20Hz-20kHz
Resolution	16-bit
Sample rate	44.1/48kHz
Sensitivity	-36±3dB
Pickup range	360°/3m
Dimensions	9x9x1.7cm
Housing	Metal
Mute control	Touch mute + AI noise reduction (long press)
Cable & connector	1.8m USB-C + USB-A adaptor or USB-A
Plug-and-play	Yes
