EC220 Visualizers

SKU: EAN:

Edis

FEATUES

●Slim and sophisticated, with a compact base and height-adjustable design for A4 to A3 size scanning. Slim and foldable design fits anywhere on your desk space, with integrated buttons on the base for easy operation.More than just a document scanner, it can be used as a visualiser for education, a 2-in-1 wireless visualiser and a document scanner. Built-in microphone for direct export of HD video with audio recording.

●Intelligent proprietary software, smart paging, automatic cropping and merging edges. Professional multi-system high compatibility. Support Win 7 to Win 11/ Mac OS.With P2P Wifi technology, real-time screen can be realized, and you can easily mark, zoom in and add text when participating in online meetings. With screen sharing and editing, working at home and studying at home can be easier.

●4K crystal-clear display，DigitalZoom*20, auto focus and auto scan make scanning easier than ever. No need to focus, no need to warm up.
