EAN:

## FEATUES

### ● Comfortable Earmuff

The earmuffs use the new second generation technology, which are soft and comfortable, reduce sweat and heat, and more suitable for wearing for a long time.

### ● High Quality Sound Unit

With new development of driving unit, the headset performance greatly improved to reproduce acoustic details.

### ● Comfortable to Wear

Lightweight headband will not feel uncomfortable even if worn for a long time.

### ● Wire & Plug Design

Environmental material, high-strength, soft texture, durable, anti-pulling
