

# EH25 Bluetooth Headset - Active Noise Cancelling

SKU: 0111025

## FEATUES

Edis EH25 Bluetooth headset transmits up to 3 times more data than standard Bluetooth codecs, which allows you to enjoy incredible detail in music.

- **Hybrid Active Noise Cancellation:** 5 microphones and 2 ANC noise reduction chips, which can filter out 95% of mid- and low-frequency sound for you.
- **Comfortable Ear Muffs:** Memory foam padding covered by ultra-soft protein leather gently fit around your ears and the headband's rotating joints adjust the angle of the earmuffs to adapt to the shape of your head.
- **Portable & Folding Design:** EH25 wireless headphones are foldable, and the carrying bag makes it more convenient to carry when travelling.
- **Crystal Clear Sound:** The Latest cVc 8.0 noise cancelling technology filters out background noise even in windy, traffic or noisy environments.
- **Bluetooth 5.1:** Bluetooth 5.1 supports aptX HD, aptX Low Latency, aptX, AAC and SBC. The function of aptX Low Latency allows you watch TV without any delay.
- **60 Hours Playtime:** Enjoy up to 60 hours of playtime in standard mode, 45 hours in wireless ANC mode (at 60% volume).
- **Bluetooth & NFC & Wired connect:** The EH25 can be paired via Bluetooth or NFC and it can also be used as USB wired headphones.
- **Built-In Microphone:** Designed for convenient, hands-free phone calls, gaming etc.
- **Multi-Point Connection:** Want to enjoy gaming but worried that you might miss an important call? Not to worry, the "Multi-Point Connection" feature will auto-switch onto your mobile device when a call comes in.
- **Fast charging:** USB-C port fast and convenient charging, 5 minutes charging gives you 5 hours of playtime in standard mode.

## GENERAL FEATURES

DRIVER UNIT	40mm
FREQUENCY Range	20Hz-20,000Hz
INPUT(S)	Type C to 3.5mm stereo plug
NFC	YES

## BATTERY

CHARGE METHOD	USB
Charging Voltage	5V
BATTERY LIFE	28 Hours (bluetooth On, ANC on)
Battery Capacity	950mAh

VOLUME CONTROL	YES
Playtime	28 hours of wireless

Charging Time	≤2 Hours
---------------	----------

## BLUETOOTH

BLUETOOTH® VERSION	5.1
EFFECTIVE RANGE	Line of sight approx.30ft (10m)
FREQUENCY RANGE	2.4GHz band (2.4000GHz-2.4835GHz)
PROFILE	A2DP, AVRCP, HFP, HSP,ATPX-HD
SUPPORTED AUDIO FORMAT(S)	LDAC, AAC, SBC
