EAN:

FEATUES

● Stereo surround without loss of sound quality

Headwear wireless Bluetooth headset, cloud wrap feeling, skin comfort and no pressure on the ear, lightweight material with skin friendly protein skin breathable ear muffs zero pressure memory cotton, cloud-like wrap feeling, more comfortable to wear

● Clear call

Anytime, anywhere clear and smooth, optimized call noise reduction, like face to face communication, clear and not hurt the ear. Multi-mode Bluetooth/card/cable, when the card can be moved or when the computer can be plugged in.

● Bluetooth 5.1 bid farewell to stuttering disconnected

Stable and fast connection, strong anti-interference 15 meters long connection distance, lower power consumption, unbound freedom

● 40MM large moving ring

Closed wrapped ear canal design, high resolution to restore sound details. Custom grade 3D stereo sound, wear as if you are in the music scene. The multi-function button is more convenient to operate, and the innovative 110° structure allows both sides of the earmuff to rotate independently, which not only balances the pressure on the ear when worn. It also allows you to carry your headphones in a bag with you.
