SKU:

EAN:

FEATURES

- Unleash your drumming passion — 7 dynamic pads, rhythms and demo songs included. Touch response, recording function, 30 demo songs and 16 tones with speed control. Equipped with foot pedal, MP3 input, rechargeable lithium battery, Bluetooth connectivity and LEC indicator. Adjustable volume and tempo, with built-in speaker or external option. Powered by USB or Bluetooth speaker. Certified for quality and safety (CE, RoHS, FCC, EN71-1-2-3, REACH).
- Versatile connectivity, seamlessly connect to the app via Bluetooth to unlock a range of customizable drumming experiences and expand your creative horizons. Benefit from the guided LEC indicator system, providing visual cues for an intuitive learning experience and easily improving your drumming skills.
- Portable power, enjoy the freedom of a rechargeable lithium battery and take your drumming activities anywhere, anytime, whether you are indoors or outdoors. Adaptable Sound Experience Experience dynamic sound modulation - play softly for subtle tones, or hit harder for powerful beats, creating a personalized and expressive drumming journey.
