

EP58-2000 lumen Indoor/outdoor IP65 laser Interactive Projector

SKU:

EAN:

FEATURES

- The EP58 is a very compact, unobtrusive indoor/outdoor "All-in-One" laser interactive projector with built-in CPU, sensor and audio with IP65 rating
- The EP58 interactive projection is widely used in enterprise exhibition halls, children's park dynamic public relations, sports and fitness, leisure and entertainment, cultural travel night tour, children's education, art exhibition and much more.
- The EP58 is a large screen projector for its size, with superb resolution using laser technology.
- Parent-child play multiplayer competition, makes the experience real fun for gaming or superb for commercial use
- Multiple interactions are effective, and the theme is changeable, so that the experimenter can keep fresh

SPECIFICATION

Display technology	LCD 3*0.59
Brightness	2000 lumen
Resolution ratio	WUXGA(1920*1080)
Contrast ratio	2500000:1
Type of light source	Laser
Laser light source service life	Normal mode: 20000h; Economic model: 30000h
Throw Ratio	1.0:1
Power supply	100-240V (50/60Hz)
Power dissipation	260W
Size (length × width × height)	225*275*156mm
Sound	10W*2
Outer shell	The shell is 2mm galvanized sheet, stable structure, no deformation, surface treatment is anti-corrosion and anti-rust spraying surface treatment
Host configuration	Android RK3399 six-core(A72x2+A53x4) 64-bit processor; Main frequency 1.8GHz, integrated quad-core Mali-T864 GPU
Host function	Built-in high-performance infrared capture, remote control switch, timing switch function, power-on self-starting; Support remote timing switch, support 7*24 hours continuous work.
Capture equipment	Infrared capture camera, optional radar
Interactive software	More than 70 different 3D interactive special effects, support paid updates
Temperature design	Operating temperature: 0°C-40°C; Storage temperature: -10°C-60°C
