

Gas-strut Arm Dual monitor

SKU:

EAN:

FEATUES

- Universal stand for various screens, suitable for 13-32-inch screens.
 - Ergonomic design
- Multi-axis coordinated extension and rotation adjustment allows for full-screen interaction at various viewing distances and angles.
- Adjustable angles.
- ±120° tilt angle alleviates cervical pain and eye strain.
- 9kg/heavy-duty arm supports up to 9kg per arm, ensuring stable carrying without tipping risk.
- Cable management
- Keep your desktop clean and dry, and your cables neatly organized. High-strength cold-rolled steel provides strong resistance to stamping.
